Cisek Cookie Policy

Introduction

In order for websites to work correctly, sometimes it is necessary to place small files onto your device, called cookies.

About cookies

Cookies are small files used by websites, stored on your computer or mobile device once you start using these websites. Websites use them in order to remember your preferences and actions you have made on these websites (for example your login details or font size or other display settings) so that you do not need to set them up again and jump from one page to another.

Our website uses two types of cookies:

Session cookies

These cookies are temporary. They are saved in the cookie file of your browser only until you finish working with the browser. These cookies are necessary for the proper working of the website and related applications.

Persistent cookies

We can use these cookies for your easier and more comfortable experience of our website (e.g. an easier and faster navigation or easier access to your preferred content). These cookies remain in the cookie storage of your browser for a longer period of time. The length of the period depends on the settings of your browser.

Our cookies and their purpose

We use all cookies only for the following purpose.
